

18 AUG 1964

Honorable Tom Murray  
Chairman  
Committee on Post Office  
and Civil Service  
House of Representatives  
Washington, D. C.

Dear Mr. Chairman:

Reference is made to my letter to you of 17 July 1964 concerning the 1 July effective date of the Government Employees Salary Reform Act of 1964 and the need for authority to make retroactive salary adjustments for agencies whose rates of compensation for employees are established by administrative action. I am advised that the Senate Committee on Post Office and Civil Service today reported H. R. 5932 which contains a provision at section 3(a) which will authorize such administrative adjustment of compensation.

As you are well aware, such authority is necessary for the adjustment of rates of compensation for the period between the effective date of the Act and the date of approval by the President for the employees of this Agency and those of other so-called administrative agencies. I feel you will agree that it is equitable and appropriate that all persons compensated in accordance with the schedule and levels established in the Salary Reform Act be treated in similar fashion.

Your favorable consideration of the measure and assistance in its passage is respectfully requested.

May I take this opportunity on behalf of the Central Intelligence Agency once again to extend our appreciation to you, to the committee, and to the committee staff for your efforts in behalf of the Government Employees Salary Reform Act of 1964.

Sincerely,

SIGNED

John S. Warner  
Legislative Counsel
